

Enhancing the educational experience of Turtleback Elementary School students by providing materials, staffing, and other resources through year-round fundraising activities.

As a parent of a child at Turtleback Elementary School there are many things you can do to help enhance your child's educational experience through your support of the Turtleback Elementary School Foundation (TEF). A monthly donation of \$10 per child would cover the budget deficit the school is dealing with due to state cuts, so please consider that option through our online donation program or by filling out this form.

In addition, there are many opportunities for involvement including attending TEF events, participating in restaurant nights, donating your time and talent to TEF, and helping with the recycling program on a weekly basis.
